The swelling of the knee was enormous, and was attended with the most exeruting pains. I was so reduced that I was confined to my room over three months. My leg was so completely drawn up, that I could not bend it at all. I tried various remedies, and they failed to give me any relief. I was in this condition when I commenced taking DR. By the time I took the second bottle, the swelling of the neck entirely disappeared, and that of the knee nearly so.
